## 48 HOUR CANCELLATION POLICY

Dear Clients:

I understand that sometimes cancellations are unavoidable. However, due to the number of clients who may be waiting for scheduling, it is imperative that I receive 48 hours notice if you are unable to keep an appointment.

**WORKERS COMPENSATION PATIENTS:** I reserve the right to notify your claims adjustor and physician after two (2) missed appointments without 48-hour notification. I may also cancel all future appointments until you have returned to your doctor for a new prescription.

**PRIVATE PATIENTS:** In the event you miss or cancel an appointment, I reserve the right to bill you for 100% of your appointment fee if I do not receive 48 hours notice.

Thank you very much for your consideration.

Lizanne Pastore PT, MA, COMT
